The year **2018** marks the **70th anniversary of the Universal Declaration of Human Rights**. Visiting the UN in Vienna, where Members States came together 25 years ago to agree on the Vienna Declaration establishing the Office of the High Commissioner for Human Rights (OHCHR), offers the opportunity to introduce the topic of human rights in a memorable and thought-provoking setting. We also ask what happens when human rights are not respected in a given country. Sitting together inside a real UNHCR refugee tent, tour participants might imagine themselves considering the hard choices faced by people forced to flee their homes.
